

Rocket EV Charging Solutions Inc.
Project Manager

Job Type: Full Time

Location: Woodbridge

Website: www.rocketev.ca

About Us:

With a vision for a greener world, Rocket EV is leading the industry in building a sustainable and practical network of electric vehicle (EV) charging stations nationwide. We build turnkey solutions that are best-in-class by leveraging our strengths, resources, technology and strategic partners to complete our missions.

Culture:

At Rocket EV, our core values are accountability, respect, and compassion – for the environment and for each other. Everyone's voice is heard at Rocket EV, whether you've been with us for one day or one year. Collectively we build an 'electrifying' work environment where we support one another to create a fun and positive environment to deliver exceptional results. We do this by helping every team member become their best selves, treat each other with respect and equality, and value and recognize our accomplishments.

The Role:

With a growing base of projects nationwide we are hiring a Project Manager, responsible for ensuring projects are completed on time, within budget and of the highest quality. This individual will work closely with the internal team, sub-contractors and clients throughout the project lifespan.

Responsibilities:

- Open-minded, driven, self-starter keen to a new industry with many growth opportunities within the company
- Able to read and understand construction/electrical drawings
- Able to estimate projects and the various job components
- Comfortable with client dealings and reporting to both internal and external stakeholders
- Build a network of established contacts in the construction field
- Excel in a fast paced and dynamic environment

Qualifications:

- Exceptional organizational skills
- PMP Certification an asset
- Previous experience with civil and electrical engineering construction projects
- Budgeting and forecasting experience
- Proficient with Microsoft software's including Excel, Word and PowerPoint
- Procore or Accubid estimating software experience is an asset
- Knowledge in working with sub-trades in the construction field

What you can expect:

- Competitive salary starting at \$90,000 per year
- Extensive benefits package
- Opportunity to work with a team of talented professionals with a proven track record
- Fast-paced environment
- Potential for part-time remote working environment

**Application deadline is November 30th with a planned start date of January 10th, 2022. Interested applicants should contact Kawal Jutla at kjutla@rocketev.ca*
